

Dear Young Children Parents,

I would like to welcome you and your family to the Young Children Community. While your child is here at the ECDC my goal will be to provide your child with the best learning environment possible. I will encourage your child to take risk in learning and in overcoming obstacles that may occur. I will guide your child in the journey of learning and embracing the love God has for your child and their family. My main goal is to nourish your child so they may develop into an independent unique individual.

While your child is in the Young Children Community they will experience the exciting and sometimes frustrating journey of potty training. Your child will learn math concepts, be exposed to a wide vocabulary, and life skills they will need to meet the world ahead of them.

A child's main role model is their parents, so I ask you to take part in the learning adventure I have planned for your child. We have an open door policy and strive to communicate with our families on a daily bases. Please feel free to ask me any questions or concerns you may have concerning your child. You may also ask me in person and I will try to answer or find the answer for you and your child.

Sincerely,

The Young Children Community Teachers
