

Welcome Toddler Community Parents,

We are excited to have you and your child join us in the Toddler Community! We are pleased to be able to care for your child in the best possible way.

We have planned many different activities to help stimulate your child's development. Our ultimate goal is to see your child reach his or her full potential. We introduce the Montessori Process which is getting a work mat, choosing work, completing the work, and putting the work away. We work with your child with developmental lessons that will encourage them in areas of various skills such as cognitive, motor, language, social, sensory, and practical life.

We strive to maintain open communication with our parents and look forward to working with you so that we may provide the care and nurturing love that your child deserves.

Sincerely,

The Toddler Community Teachers
